Inlet Air Filter

Our Inlet Air Filters are designed to be used in hostile outdoor environments. Manufactured with polypropylene, a permanent/washable electrostatic media, these filters will:

- Prevent clogging of fill material and extends fill life
- Prevent sludge buildup in water basins
- Prevent clogging of strainers and blow down valves
- Help fight bacterial proliferation by eliminating debris nutrients
- Diffuse sunlight to help fight Algae growth.
- Eliminate down time due to fouling

Cabinet	Filter Size Inches	Filter Part Number
PC-005		
PC-010	30.5 x 31.5	IAF-3031
PC-015		
PC-020	30.5 x 43.25	IAF-2025
